Exemplifies leadership and innovation in regard to the implementation and compliance with the McKinney-Vento Homeless Assistance Act.

Are well-known within their school system and community. He/she has earned the admiration and respect of their colleagues and community members.

The Sandra Neese Lifetime Achievement Award

Nominees for the Sandra Neese Lifetime Achievement Award should exemplify the spirit that Sandra embodied in her work with youth experiencing homelessness.

Background Information

Sandra Neese was a founding member of Nevada's homeless youth education office in 1988. For the next 10 years, she gave of herself tirelessly so that all children in this region may have what most take for granted: safety, shelter, and a future. A child advocate at heart, she was a professor at the University of Nevada, Reno and established a mentor program for student athletes that thrives to this day. She was also a founding board member of Community Chest, Inc. in 1991, the location of Nevada's homeless youth education office, and rural non-profit agency serving children and families in northern Nevada. She loved the outdoors, New York City, ballroom dancing, and traveling. In the fall of 1998, Sandra faced her greatest challenge: a cancer that would not relent. I have never seen a woman display more courage in the face of death. Giving of herself to the end, she personified what it means to leave the world a better place.

In memory of her magnanimous spirit, Community Chest, Inc. established the Sandra Neese Lifetime Achievement Award to honor people like Sandra who have given so much of their lives so that young people without shelter may find the promise of tomorrow.
